YOU MAY BE AUDITED DURING THE LOADING PROCESS

IF IT'S NOT SAFE, DON'T DO IT!!

Drive left out of the Lorry Park and over two Level Crossings.

Stop your vehicle in front of the sliding door- **press the green button to open.**

Continue through the opening when the doors come to a stop. Be aware of oncoming traffic.

Turn right, into the despatch bay. The door will be labelled 'Door 11'. Please note you will have to wait if rail movement is occurring.

Go through the Gantry, and park in the centre of the red loading area. **Ensure your handbrake is on and engine is off.**

Open canopy from ground level. Push platforms against trailer, apply brakes and check for movement.

Access your trailer by the platform steps only. You **MUST** stand in the driver 'Safe Zone' during loading

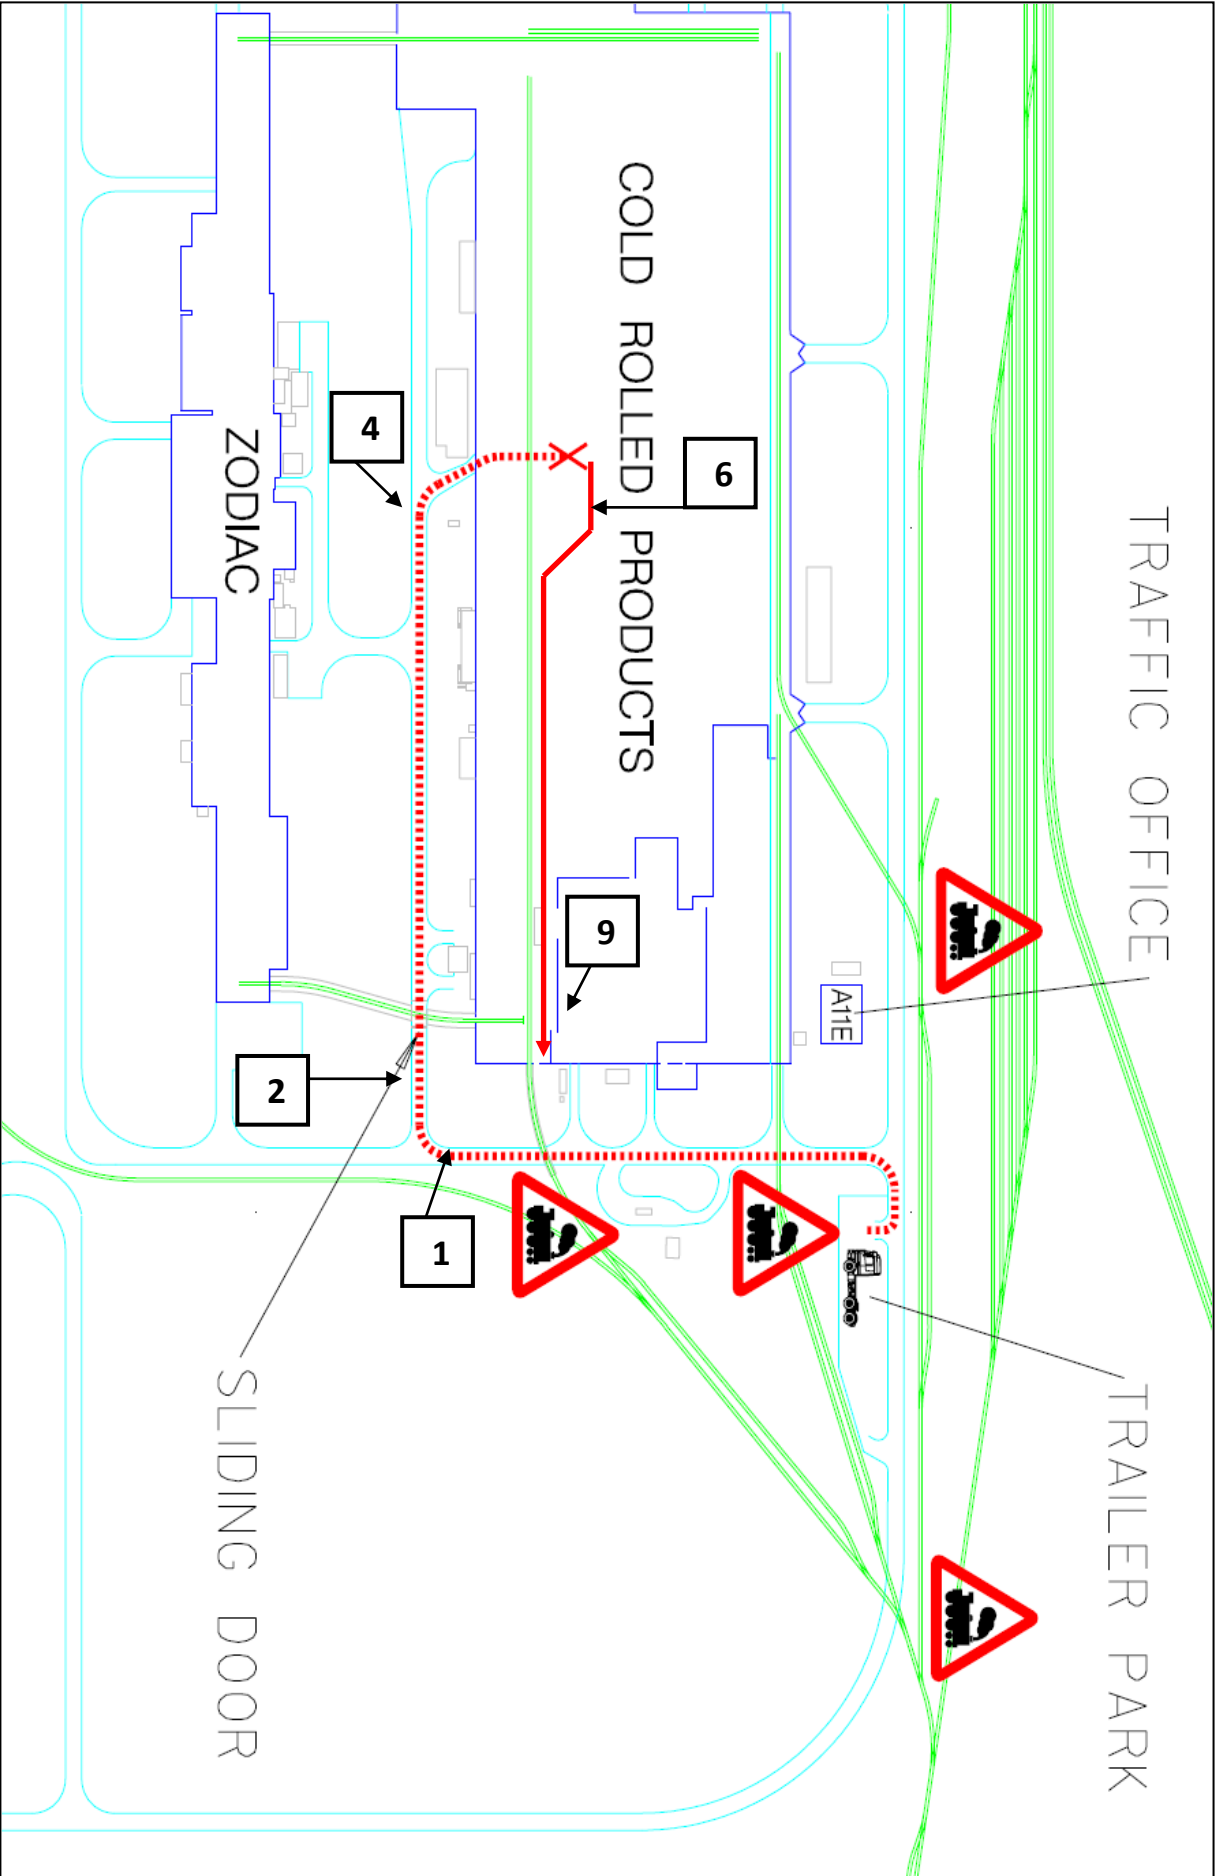

Exit the Cold Mill by via the one way system. **Be aware of rail workers.**

Pull up to the left exit door. **This will open automatically.**
