Cold Mill: 01639 463525

YOU MAY BE AUDITED DURING THE LOADING PROCESS

IF IT'S NOT SAFE, DON'T DO IT!!

The road entrance is on the left, please note that this is the turning **after** the railway tracks. Marked 'IN'.

You may have to open the bay door using the control panel.

On entering the bay be aware of traffic leaving the Service Centre on your left side.

Park trailer adjacent to the furthest forward loading area & wait for the Stocker. **Ensure your engine is off and handbrake is on.**

Exit from cab into the lorry dock. Access dock wall via steps on trailer, maintaining three points of contact at all times.

Unsheet your trailer and prepare for loading.

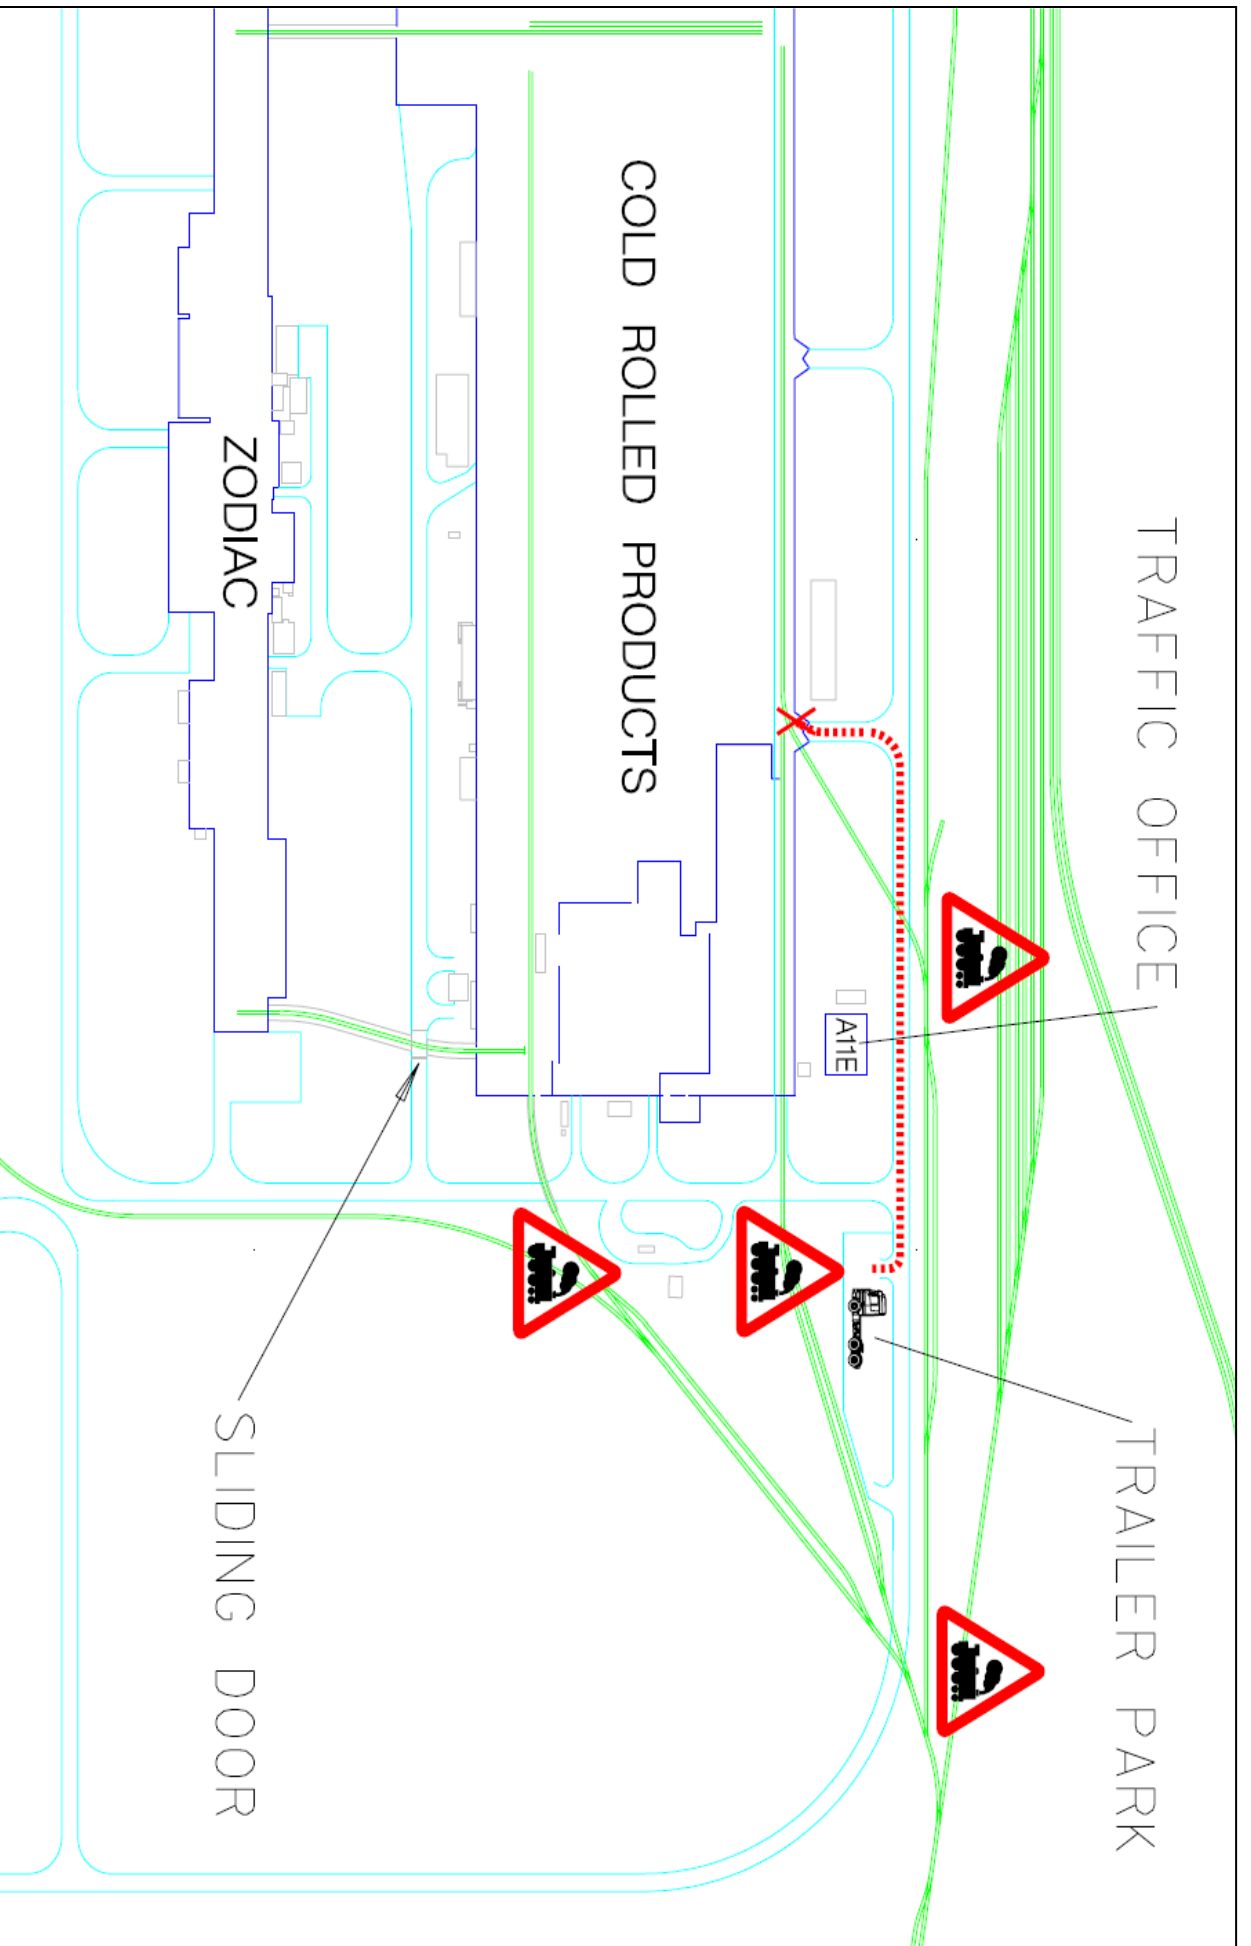

You **MUST** stand in the adjacent driver 'Safe Zone' during loading

Secure the load in line with the Tata LRG 0008 Load Restraint

Exit the despatch bay via the bay door ahead on the right hand side. Be aware of wagon loaders ahead.

ATTENTION: You will cross different Level Crossings on your route to the despatch bay.

Be careful and DO NOT Proceed when the Red Lights are showing!!

Please report any near misses to the shift manager, or call +44 1633 755146. If no one is available, please leave a message.
